RE: Louis DeLuca

Dear Lieutenant Corbett:

This letter is in response to your letter of July 5, 2007. I can confirm for you that the photographs that I previously forwarded to you are authentic. Mr. DeLuca stated in a press conference that Casey had requested that he destroy the photographs, but I do not believe that Mr. DeLuca said that he had done so. The photographs are authentic and depict injuries to Casey's arm. It is Mr. DeLuca's best recollection that the photographs were taken in 2005. While Mr. DeLuca cannot pinpoint dates, he believes that the physical abuse was ongoing over an extended period of time. He does not know whether the abuse is continuing today.

If you have any further questions, please contact me.

Most sincerely,

Craig A. Raabe
